Raft River Rural Electric offers an incentive to install a Variable Frequency Drive (VFD) on a qualified irrigation pump . Contact our office at 208-645-2211 *prior to starting your project.*

To qualify your rebate, simply follow these steps:

- Step 1: Send a copy of the VFD proposal from your contractor, the signed VFD Purchase Request form, and this completed and signed application to RREC Irrigation Program, PO Box 617, Malta, ID 83342 or fax to 208-645-2300.
- Step 2: DO NOT BEGIN WORK until you have received approval from Raft River Electric.
- Step 3: Once this application and the proposal have been reviewed and approved, this application will be counter-signed by a cooperative representative and returned to you. Then you may schedule the work with your contractor.
- Step 4: Your contractor will notify Raft River Electric when the work is complete. Once the installation has been verified as correct and complete by a cooperative representative, Raft River Electric will submit the rebate to Bonneville Power Administration. The maximum rebate is \$60 per horsepower.

I certify that I own the property at the above address. I have read the information on this application and I understand and agree to the provisions for the program. I understand that if these instructions are not followed, or the VFD fails to qualify for the rebate program, Raft River Electric is under no obligation to grant or disburse program funds.

By executing this agreement, I waive any and all claims against Raft River Electric that may arise from improper installation of said improvements when installed by a third-party.

Terms & Conditions:

- Utility rebate amounts are subject to change and are only available while funds are available.
- The program requires pre-install approval prior to any installation receiving a rebate.
- Your incentive check should be received within 45 days after the completion of the post-inspection.
